

Sarah Kronholm, P.E.

Sarah is an environmental consultant with SLR International Corporation located in Portland, Oregon. She is a registered Professional Engineer with over 17 years of experience working with industrial and manufacturing clients across the US and Canada. She has specific expertise in air quality permitting and compliance, including regulatory applicability analyses, PSD permitting, Title V permitting, state-specific programs, and strategic planning. She also focuses on general regulatory compliance, including hazardous waste, stormwater, wastewater, environmental management systems, and auditing. Prior to joining SLR in 2013, Sarah was the environmental program manager at a pulp and paper facility in Washington. She holds a bachelor's degree in Chemical Engineering from Montana State University.
